

## **It's about PARTNERSHIP**

INSTALL is a working alliance of the biggest and best mills and manufacturers in the floor covering industry, contractors and the United Brotherhood of Carpenters and Joiners of America

## **It's about PROFESSIONALISM**

INSTALL professionals complete work correctly the first time, eliminating the need for repairs and callbacks

## **It's about SPECIFICATION**

INSTALL specification is easy. Simply state: INSTALL certification is a requirement for journeymen floor coverers, and membership in a state certified apprenticeship program is a requirement for floor coverers who have not yet become journeymen, to be eligible to install flooring on the job site

**SPECIFY QUALITY.  
SPECIFY INSTALL.**

INTERNATIONAL STANDARDS & TRAINING ALLIANCE  
FLOORCOVERING PROFESSIONALS

The International Standards and Training Alliance – INSTALL – is the floor covering industry’s working cooperative of mills, manufacturers, contractors and the United Brotherhood of Carpenters (UBC) who together are raising the bar of floor covering installation standards. INSTALL is an exclusive program that creates flooring installers with the skills, experience and productive work ethic to excel on today’s job sites.

**“We have reviewed, in depth, the INSTALL program and find it to be superior in all regards. We enthusiastically support this effort.”**

– Shaw Industries, Inc.

INSTALL is first in line to receive the newest installation methods and newest technology from the dozens of mills and manufacturers who partner to keep our training the best in the business. Technical experts

from dozens of the biggest names in the flooring industry partner with veteran instructors from the United Brotherhood of Carpenters to take an active role in helping to update the INSTALL curriculum on a regular basis. These experts ensure that INSTALL’s curriculum addresses current labor needs in the floor covering industry.

**It’s a Dedicated Alliance.**

INSTALL apprentices spend hundreds of hours at state-of-the-art UBC training facilities throughout North America gaining hands-on experience by working with the full spectrum of floor covering materials. And training doesn’t stop there. INSTALL veterans have available to them skill-upgrade training to stay on top of the latest floor covering techniques, products and technology. The seal of approval is a certification process that rigorously tests the skills of every man or woman seeking to work under the INSTALL stripes.

**An INSTALL certification translates into work done right the first time. No callbacks. No repairs. No long punchlists.**

Make sure your product selection gets the installation it needs so that you get the results you want. Ask to have INSTALL floor covering professionals on your next project.

Dozens of the biggest names in the flooring industry are part of the INSTALL program. Technical and educational representatives from major mills and manufacturers work with UBC flooring instructors on the curricula for more than 100 training skill blocks of the INSTALL program.
